CITACC JOURNAL 2023 | AUGUST

From The President's Desk

Dear CIT Chennai chapter members,

We have conducted second mega meet for Members only on July 23rd At Tower club graciously. The meet was started with Prayer song by Ramesh daughter and inaugurated by Dr Padmashree Nalli Kuppusamy chetty .

We are able to get Padmashree Nalli kuppusamy chetti through our Vice President Vairavasundaram.

It was a great honour for CITCC having him as our Chief Guest. He spoke about his child hood and reason for not continuing studies due to family commitment and how he developed his Business from one 200 sq.ft room to Brand Nalli Silks throughout the world.

There were about 300 members participated in the second mega meet. Baktha,1960 batch, Founder president graced the occasion. Our team lead by EC Vice President Vairavasundaram and secretary Saravanaraja alongwith Treasurer Margabandu, Joint Treasurer Nandagopal, Jt. Secretaries Ganesalingam & Andaman Krishnamoorthy, Pandiarajan with Members Ramesh, Sudarshan, Ayyappan, Pandian, AM Ramakrishnan, Kaliyur Rahman and Volunteers Saravanan, Bhoopathy and PN Suresh, have taken more efforts in designing the program, mobilizing funds and getting sponsors and even with an innovative idea of

Visiting card sharing. Because of their efforts we have made small amount in surplus, after meeting out all expenses. This was possible because of their dedication and team work duly supported by your contributions. Pannerselvam suggested T shirts sales promotion which was immediately captured and implemented by all Office Bearers and Committee Members. With meticulous planning, made available t-shirts within 10 days and with Sudarshan we are able to deliver about 400 T-shirts within a span of 5 days. They have done remarkable Job.

Bhoopathi volunteered to take care of Registration of participation and T Shirts sale in coordination with Sudarshan.

Few batches were introduced in the limited span of time. Remaining batches introduction will take place in the next meet .We have conducted 1st AGM successfully. We are delighted that our members had delicious food with good ambience. We had Music program after Lunch under the leadership of Margabandu. Music lovers of CITAA-CC enjoyed the program. Tambola was conducted under the guidance of Andaman Krishnamoorthy and prizes were distributed. Return gift sponsored by Ceil of 1988 batch and Pandian of 1986 batch were well received.

We thank all the sponsors for extending financial assistance spontaneously .

The meet was a grand successful because of members participation treating this as their own home function.

Let us meet again at yet another Mega meet with renewed energy and cheers,

With wishes,

R. Subramanian

Mega Meet & looking beyond

From The Secretary Desk

Dear Brothers & Sisters ,

It was the highest frequency of CIT at towers club in July meet . I am sure all of us enjoyed every moment of the same . I would like to thank each and every one of you for the overwhelming support you extended to the Mega Meet .

We are racing ahead with LTM , at 600+ right now . We are actively building live action events to keep up the momentum . In September, we will have a movie screening and a visit to ISRO, Sriharikota. More such activities going to come in near future .

Our sub groups are getting revitalized and you will see the positive impact soon . We are building a dynamic website for CITAACC .

More Fun ! More Positivity !! That's CITAACC .

Best regards ,

P. Saravanaraja

A Lifetime Experience: Hiking to Mount Kilimanjaro, Tanzania, Africa. (The Highest Peak in Africa)

Sampathkumar Rathinavel
BE – Mechanical
CIT 1993-97

After months of Planning and preparations, finally the dream was realized for me. Yes, I have successfully completed the Kilimanjaro Hiking! The peak at 19,341 Feet (5895 Meters), makes it the tallest in the entire continent of Africa and the tallest free-standing mountain in the entire world. After my hiking with Machu Pichu (one of the highest in Peru South America) and Bennevis peak (Highest in the entire UK) this hike to Kilimanjaro is one of the toughest till date. Completing this trekking at my late 40s is inspired by #Dhoni, who conveys age is just a number. Below is a brief of how the 7 days hiking went and my learnings.

Day Minus Preparations (for months):

- Regular physical preparations including 1) Daily an hour outdoor walk or run or Tennis or Cycling. 2) Squatting/ Leg strengthening routines twice a day 3) Food control (less of carbs)

Day 0 (30th June - Friday):

- Travelled via Doha where I joined with my friends Vinod and Hari. After Landed at Kilimanjaro International Airport an hour-long travel by a van to the city of Moshi for my Hotel. The landscape, shops, crops, green vegetation, roads and even vehicles plying on the roads (TVS tuk-tuk Auto were lot seen) all resembles India especially Kerala/ Tamil Nādu.

Day 1(1st July - Saturday):

- Acclimatization for the altitude by visiting (6 hrs. of total walk) to Materuni water falls which is 100 meters heights and Coffee estate walk where the local community demonstrated how the coffee beans are harvested from plants, roasting and finally making the coffee in a kettle. Throughout, the process of demonstration was with dancing and singing! The hot Coffee made was delicious to drink.
- Met the rest of the trekking group (12-member team size who came from Australia, USA, UKI, Europe many were solo trekkers, there was a 65-year-old British

lady and 25 year young American lady), and Briefing by the Trekking chief guide on To dos. Found out that I did not bring Ski pant and Gaiters thus rented them. Everything packed and ready to go next day.

Day 2 (2nd July - Sunday):

- Travelled from Moshi to Machame Gate which is at the altitude of 1800 Meters by Vehicle (1 Hr). Machame Gate to Machame Camp is 8 hrs trekking through rain forests to cover about 11km. We camped here at 3100 Meters altitude and the temperature at night was close to Zero deg. The four-season sleeping bag gave me a comfortable sleep!
- Key learning/ reinforcement was, know your pace and go with that and don't try to match with other's pace since this is not a race! (As they call in Swahili language Pole Pole means Slowly slowly)

Day 3 (3rd July - Monday):

- Machame camp to Shira 2 Camp, 7 hours of hiking to cover 5km and camped here at the elevation of 3750 Meters. Usually, Altitude sickness starts from this height onwards that results in nausea/ headache etc... As advised by the physician, needed to take the sickness tablet every morning and evening to keep we are going.

Day 4 (4th July - Tuesday):

- Trekking from Shira 2 Camp to Lava Tower at 4600 Meters that took 5hrs to cover 7kms. From Lava Tower climb down to Baranca valley that took about 2h to cover 3km and camped at Baranca Camp.

Day 5 (5th July - Wednesday):

- Trekking from Baranca Camp to Barafu Camp that took about 9h to cover 9km camped at the altitude of 5100 meters. During the journey 1) we crossed Kissing Rocks (since no paths, we needed to use both hands and legs, get close to the rocks while going from 1 rock to another for about 200 meters).

We were advised not to look down if we are afraid of heights. I did not have any but decided NOT to look down for a safe passage! 2) We went above the clouds, and closer to sun. The sun light was so bright and high of UV, we must have very good eye protection throughout. The view of Baranka valley was so beautiful!

Day 6 Summit Day (6th July - Thursday):

- Started at 1 AM with very little overnight sleep and heavy winter clothing (4 bottom layers, 6 Top layers, Double hand gloves, Foot warmers, Hand warmers and body warmers to counter windy sun zero temperature) from Barafu Camp towards Stella Point which is at 5700 meters. This 4 KM stretch took us 9 hrs, we are challenged by steep climbs, loose rocks, mud paths to overcome. I witnessed few of the Trekkers abandoned their hike and helped by the guides to retreat to their base camp for further support.
- From Stella Point moved to Uhuru peak which is the highest peak in Kilimanjaro at 5895 meters. Along the way saw the huge glaciers, big valley, and Volcanic remains!
- This took us 2 hrs to cross this 1 KM stretch. And finally, we were at the top of Africa Since the oxygen level is low and temperature is -7 deg C, it is not advised to stay longer thus took a quick rest and captured memories forever by proudly waving Our National Flag along with the CSK #7 jersey of my motivator Thala Dhoni!
- Started descending (first 3 KMs were sand dust slides, like Ice skating with help of hiking poles, I was able to slide at a great speed which was a thrilling experience!) to Mweka Camp which took us about 4hrs to cross 12km and camped. 15 hours of hike to cross in 17 KMs took away all the energy a good night sleep will keep me moving next day!

Day 7 (7th July - Friday):

- Started descending from Mweka Camp to Mweka Gate which is about 13 KM that took about 6 hrs. Went past the tropical forest and it rained throughout. Trails were muddy throughout. From Mweka gate, travelled by vehicle to reach my Hotel at Moshi.
- I was given the certificate of clinching the Kili by Government of Tanzania! And a hot shower after 7 days was a bliss!!

Day 8/9:

- Warm down and recovery. Visited a Hindu temple and an Indian Restaurant at Moshi. Did Safari at Tarangire National park where I saw Lion Pride, Elephants, Wild beast, Zebra, Giraffes, deer etc... And flown back to Chennai.

"At the Peak of Kilimanjora"

Few FAQs that could help anyone to plan better:

About Luggage during the hiking:

- Trekking company porters will carry max of 15 KGs of our luggage for 8 days including our sleeping bag, this bag will be delivered to us at the camping site in the evening every day.
- Day bag that we carry should not exceed more than 4 Ks. That must have 2 liters of waters, medicines, protection bars/ snacks, Rain gears, head light, fleece as needed.

About Food:

- 3 days meals are prepared and served by the Trekking company who travel with us.

About Personnel hygiene during the trial:

- No bathing, only mug of warm water given every morning for wash. Toilets at all camp sites.
- Water from springs were treated and given for drinking and carrying in our day bags.

About Medical Fitness:

- Since the altitude is about 6000 metered where Oxygen will be low. People with heart ailment/ breathing issues/ other existing medical conditions to consult their doctor before booking for the trip.

"On the Roof of Africa"

"Camping over the clouds"

About Managing Subzero temperature/ Cold:

- Personal productive gears as advised by the Trekking company to be bought upfront that including Thermal layers/ Thermal socks/ layers of fleece/ Down jackets/ Two layers of hand gloves/ Warmers for Hand & foot

About Safety:

- This Trekking in mountain comes out with it natural risk associated with it such as Altitude sickness, Nausea, exhaustion, cramps and other possible injuries while Trekking. Prepare well upfront and as they say in Swahili language, POLE POLE means, Slowly Slowly is the mantra.

Emergency Medical help:

- It is mandatory that we need to have Insurance with the height mentioned. This would cover, Emergency helicopter evacuation from the camp site to the nearby City hospital for treatment.

Budget:

- About 2000 to 2500 \$ for the booking with a reputed Trekking company. 1000\$ for flight and 1000\$ as cash for tips to guide/ renting on few Trekking gears/ local expenses. And Rs 25,000 for buying trekking gears including boots, fleece, down jackets, other layered clothing, backpack, duffle bag/ head torch/ etc...

Take aways from me:

- With proper preparation and good team around anyone can do this where age becomes just a number! This Helps to assess one's mental and physical well-being. And drives one to follow more cleaner lifestyle/ Habits.
- My perception about African (East Africa/ Tanzania) got completely changed. People are nice, gentle, and happy, the landscape is like a familiar Indian Territory.

கவிதை போட்டி பரிசு பெற்றவர்கள்

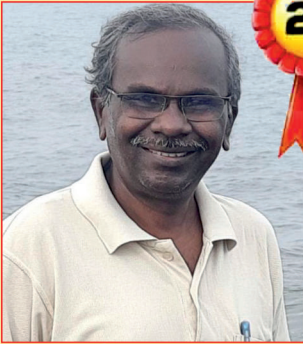

இந்த படம் சொல்லும் கருத்து என்ன என்ற கேள்விக்கு கவிதையாக பத்து வரிகளுக்கு மேல் மிகாமல் தொகுத்து வழங்கும் போட்டி 07/08/2023 ல் நடைபெற்றது. 20க்கும் மேல் கலந்து கொண்ட இந்த விழாவில் பரிசு பெற்ற கவிதைகளும் அதன் படைப்பாளிகளும் இங்கே.

Congratulations winners!!

**முதல் பரிசு
பத்மா சுரேஷ்
1991 EEE**

ஜனனம் மரணம் இடைப்பட்ட பயணம்!
நான் பெற்ற அம்மா
தவமாய் என் முன்னே!
எனைப் பெற்ற அம்மா
சிலையாய் என் பின்னே!
மனத் திரையில் பிம்பங்கள்!
விழித்திரையில் இன்பங்கள்!
செவித்தேனை உள்வாங்கிய மனம் கொண்ட காதலால்
மலர்ந்த அற்புதமே!
என் சித்திரமே!
நீயின்றி வேறென்ன வேண்டுமெனக்கு
நிதம் நிதமே!!!!

**இரண்டாம் பரிசு
ஆயகவி என்ற
தண்டபாணி
1984-4 Mechanical**

அம்மா பிள்ளை
பட்டு செழிக்கும் குட்டிப் பொண்ணு..
நெட்டி முறிக்கும் அம்மா கண்ணு.கேசம்
வெட்டி விட்டதும் வளர்ந்தது நின்னு..
கட்டு மல்லிகை பூத்தது எண்ணு..
பொட்டு நலங்கும் இலட்சுமி முகம்..
தொட்டு துலங்கும் உத்தமி அகம்..
சிட்டு பறக்கும்
செவ்வரி இனம்..
சட்டுனு சிறக்கும் நன்னெறி யுகம்.

ஆலயம் தொழுவது சாலமும் நன்றே..
அம்பாளாய் தெரிவது அவள் அன்னை ஒன்றே.

மூன்றாம் பரிசு
குப்புராஜ் K
1990 Mechanical

வரம்
வேண்டியது கிடைத்த பூரிப்பு..
தொடுத்த பூ மாலை ..
கொடுத்த கற்சிலைக்கா?..
கிடைத்த பொற்சிலைக்கா?..
அன்பே சிவமாய்..
அன்னையே அவதாரமாய்..
இருவரும் ஒருவராய்..
இறைவனே இறைவியாய்..
இருப்பாய்..
எங்கெங்கு காணினும் சக்தியடா..அது
எனக்குள்ளும் சற்று உள்ளதடா..

ஆறுதல் பரிசு 1:
சுந்தரேஸ்வரன்
1984-4 Mechanical

நீல நிற புடவைக்காரி
சிவப்பு நிற குங்குமக்காரி
அவளே என் சொந்தக்காரி.

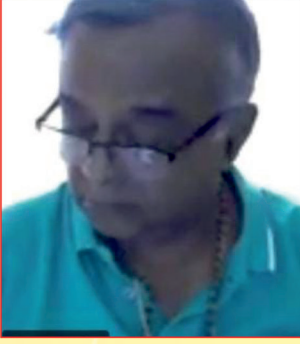

பத்து மாதம் எனை சுமந்தாள்
பாலுணவும் ஊட்டி வளர்த்தாள்
பண்பும் அன்பும் பக்குவமாய் தந்தாள்.

இறைவன் உண்டா என்பார் சிலர்
உறுதியுடன் உண்டென்பேன் நான்
இல்லத்தில் அம்மா வேடத்திலும்
ஆலயத்தில் அம்மன் ரூபத்திலும்.

ஆறுதல் பரிசு 2 :
சரவணராஜா
1988 - Civil

கடவுளின் ஆசீர்வாதம் உனக்கு கண்ணே!
ஒளிமயமான எதிர்காலம் உந்தன் முன்னே!
உலகத்திற்கு உதவியாக உருவாக்குவேன் உன்னை!
வரும் காலம் போற்றும் என் பெண்ணை!
தீமையும் நன்மையும் கலந்ததே வாழ்க்கை!
இரண்டையும் பிரித்தறிய உதவுமே கடவுள் நம்பிக்கை!
இந்த மலரினும் மென்மையே பெண்மை!
அதனினும் பெரியதே தாய்மை!
வாழிய , வாழிய குழந்தாய். நல் வழியில் வாழியவே.
கடவுளின் அருளுடன் வாழியவே!

ஆறுதல் பரிசு 3 :
ரமேஷ்
1983 - Chem

தெய்வம் தந்ததொரு அன்னை, அந்த
அன்னைக்கு அவள் தான் தெய்வம்,
என்னை ஈன்றதொரு அன்னை, அந்த
அன்னை எனக்கொரு தெய்வம்,
ஈன்ற வலி கண்ட
அன்னை, அவள்
ஈன்றதால் நானவளின்
தெய்வம், இதில்
தாய் யாரென்றும்
தெய்வம் யாரென்றும் குழந்தை யாரென்றும் குழம்புகிறது
மனமே

சந்திரனை தொட்டது யார் : ஆயகவியின் கவிதை நிலவுக்களம் சந்திரயான்-3

கவிஞர்களுக்கும் காதலுக்கும் காலம் கடந்தும் காட்சிப்
பொருளான நிலவு.

கவளம் சோற்றை கைகுழந்தைக்குத் தர அன்னை அழைத்ததும்
அந்த உறவு.

ஆகாயத்தில் ராக்கெட்டு ஏவும் போதெல்லாம் இந்தியன்
கைப்பாடு என்பது திண்ணம்.

அன்னிய தேசத்து ஆற்றலில் அரிது பெரும்பான்மையோ
தமிழனின் கை வண்ணம்.

இருமுறை முயற்சியில் இடறுகள் தகர்ந்து சந்திரனில் சங்கதி சொன்னது நம்நாடு.

மூன்றாம் முறை

விடா முயற்சிக்கு

தென் துருவத்தில் தென்பட்ட நீர்நிலையை தேடிப்பிடித்தது .

உள்நாட்டு சக்திகளை ஒன்று திரட்டி உலகம் மெச்சிட சந்திரனின் தடம் பதித்தது.

நாற்பது நாள் பயணம் நம் இதயங்களின் குரலுக்கு கிடைத்த கேடயம்.

அரைமாதம் ஆராய்ச்சியில்

நிறைவாகும் உபாயம்

உத்திகளை வகுத்தது தொடங்கி நிலவில் இறங்கியதும் ஆய்வுக்கு அடிக்கோல்
இட்டதும் தமிழ் நேசிக்கும் அறிவு.

அதிலும் நமது கல்லூரியில் பயின்ற மூத்தோர் இளையோர்
ஞானச்செறிவு.

வாழ்க பாரதம் வளர்க தமிழகம்..பெருமிதமோ நம் கல்லூரி வளாகம்.
